# Lowering Healthcare Costs for Employers

## Improving care for employees.

It's cold and flu season again, and it seems like half your workforce has called in sick or requested time off for a doctor's appointment. With lost productivity — plus the cost of hiring temps to fill in while your employees recuperate or wait for hours in a doctor's waiting room — your business is losing money fast. Even if your employees wait until after work to seek care, the company's healthcare costs can skyrocket if they're using an urgent care center or ER for non-emergencies because their primary care doctor's office is closed.

Help employees skip the waiting room instead of skipping work. Provide quality care faster — anywhere, anytime — while you lower healthcare costs for your business. It's all possible when you give your employees the virtual care benefit of MDLIVE.

**“Easy. Convenient. Cost-effective.  
It's a win-win for both employees  
and employers.”**

While not intended to replace a primary care doctor, MDLIVE gives your employees the added benefit of 24/7 patientcentric healthcare that works around their professional and personal schedules — so they miss fewer workdays and are less likely to use more costly urgent care centers or the ER for non-critical conditions.

## Satisfied employees. Excellent ROI.

Employers who offer MDLIVE report:

**97%** employee satisfaction rating

**97%** patient issues resolved

**< 10** minutes average wait time

**97%** would recommend MDLIVE

## MDLIVE at a glance

- **The nation's largest** virtual care network
- **More than 22 million** members
- **< 10 minutes average** wait time
- **State-licensed, board-certified** physicians averaging 15 years of practice experience
- **NCQA certified/accredited** and follows URAC guidelines for quality care

## Your life is 24/7. Now your doctor is too.

MDLIVE is a leading HIPAA and PHI-compliant virtual care solution that provides your employees with anytime access to board-certified doctors, pediatricians, and licensed therapists, from where it's most convenient for them — home, office, or on the go. After registering, on average in under 10 minutes, they can have a virtual consult to diagnose non-emergency medical issues over the phone or through secure video on their computer, tablet, or the MDLIVE mobile app. When a medical condition calls for a prescription, MDLIVE doctors can send an e-prescription straight to the patient's local pharmacy of choice (restrictions apply).

### Medical conditions we treat:

- Acne
- Allergies
- Cold / Flu
- Constipation
- Cough
- Diarrhea
- Ear problems
- Fever
- Headache

## Everybody Wins

Easy. Convenient. Cost-effective. It's a win-win for both employees and employers. MDLIVE is transforming healthcare by providing virtual care services that benefit both employers and employees when offered as part of a company healthcare benefits package:

### Decreased absenteeism and increased productivity

Employees no longer have to miss an entire morning, afternoon, or day of work, to see a doctor for a routine illness.

### Healthy body and mind

MDLIVE makes life easier for your employees and saves your business and employees money, resulting in a healthier, happier workforce.

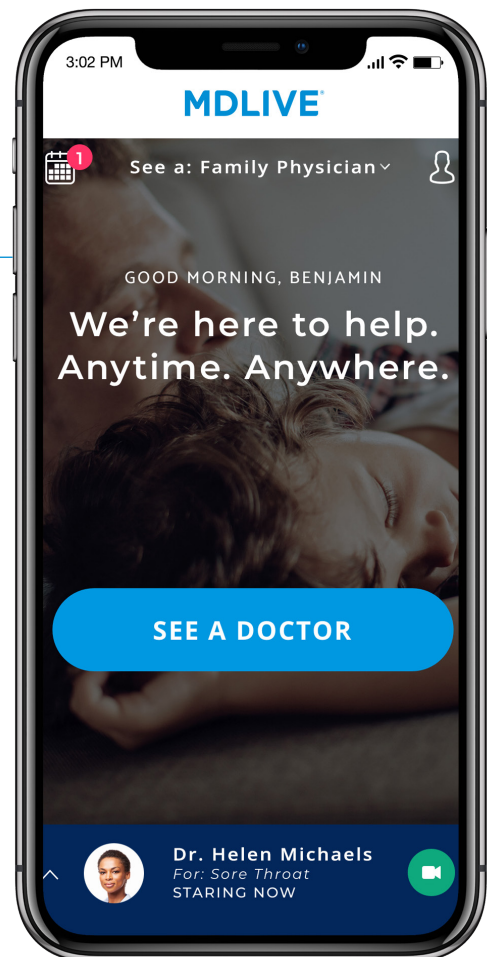

## MDLIVE marketing support for employers

Great doctors. Great results. MDLIVE will help ensure that your employees understand the concept of virtual care, when and how to use MDLIVE, and the value of this benefit to themselves and their families. To help you maximize awareness and utilization, MDLIVE supports employers and their employees with:

- MDLIVE Marketing Hub for HR benefits managers – Customize your MDLIVE engagement materials with your company logo and tailor your message based on pre-approved, pre-written content blocks on how to use MDLIVE and promote the value of virtual care services. Our easy-to-access Marketing Hub provides templates in all formats and mediums, including logos, images, content blocks, blogs, articles, mailers, yers, collateral, diagrams, plug-and-play banners, how-to videos, and more for your HR benefits portal.
- Patient portal co-branded with MDLIVE and your company logo
- Ongoing content in various mediums to support educational campaigns to sustain employee awareness of MDLIVE and healthy living
- Employer-funded incentives and inter-departmental competitions to boost MDLIVE registration

## GIVE THE BENEFIT OF MDLIVE?

Everyone should have a virtual care doctor. MDLIVE delivers on this promise in an employee benefit that your staff will use, appreciate, and recommend to their peers. Virtual care is good for your employees' peace of mind – and good for your business, as it helps you avoid exorbitant and unnecessary urgent care and ER charges.
