VERY IMPORTANT!

Dear Agent,

It is time to start up training again now that AEP is over. We will be discussing a few things that will be very important to you, such as the impact of the hurricane SEP, and OEP.

Also, those of you who have enrolled dual eligibles in South Carolina are probably already feeling the effects of losing business to the passive enrollment into the MMP. We will be addressing that as well.

Training will be this Friday, December 14 at 10:00 AM EST. I usually give a week's notice but because of the time sensitive nature of the SEP, I wanted to roll this out ASAP.

Following are the login credentials. Please make plans to attend this training:
